River High School

Hannibal, Ohio

Forward

The Pilot Staff deliberated throughout the year to arrive at a suitable theme. Since this is the second decade of River's existence, we decided on the twentieth year theme.

We have seen several changes the past four years. In the students, both love and respect have grown between them and their teachers. We are proud to be students of such a progressive school. As editors of the 1974 Pilot, "thank-you."

The 1974 Pilot Staff wish to dedicate our annual to those who have served River High School for the twenty years of its existence. Mr. Harry Mallett, Miss Elizabeth Forney, Mr. Edward Woolf, and Mr. Donald Miracle have helped the students of River achieve in vocations, scholarships, music, athletics, and other activities. Throughout their years at River, they have made many observations. These faculty members have seen River rebuild, enlarge, and become one of the best high schools in the state.

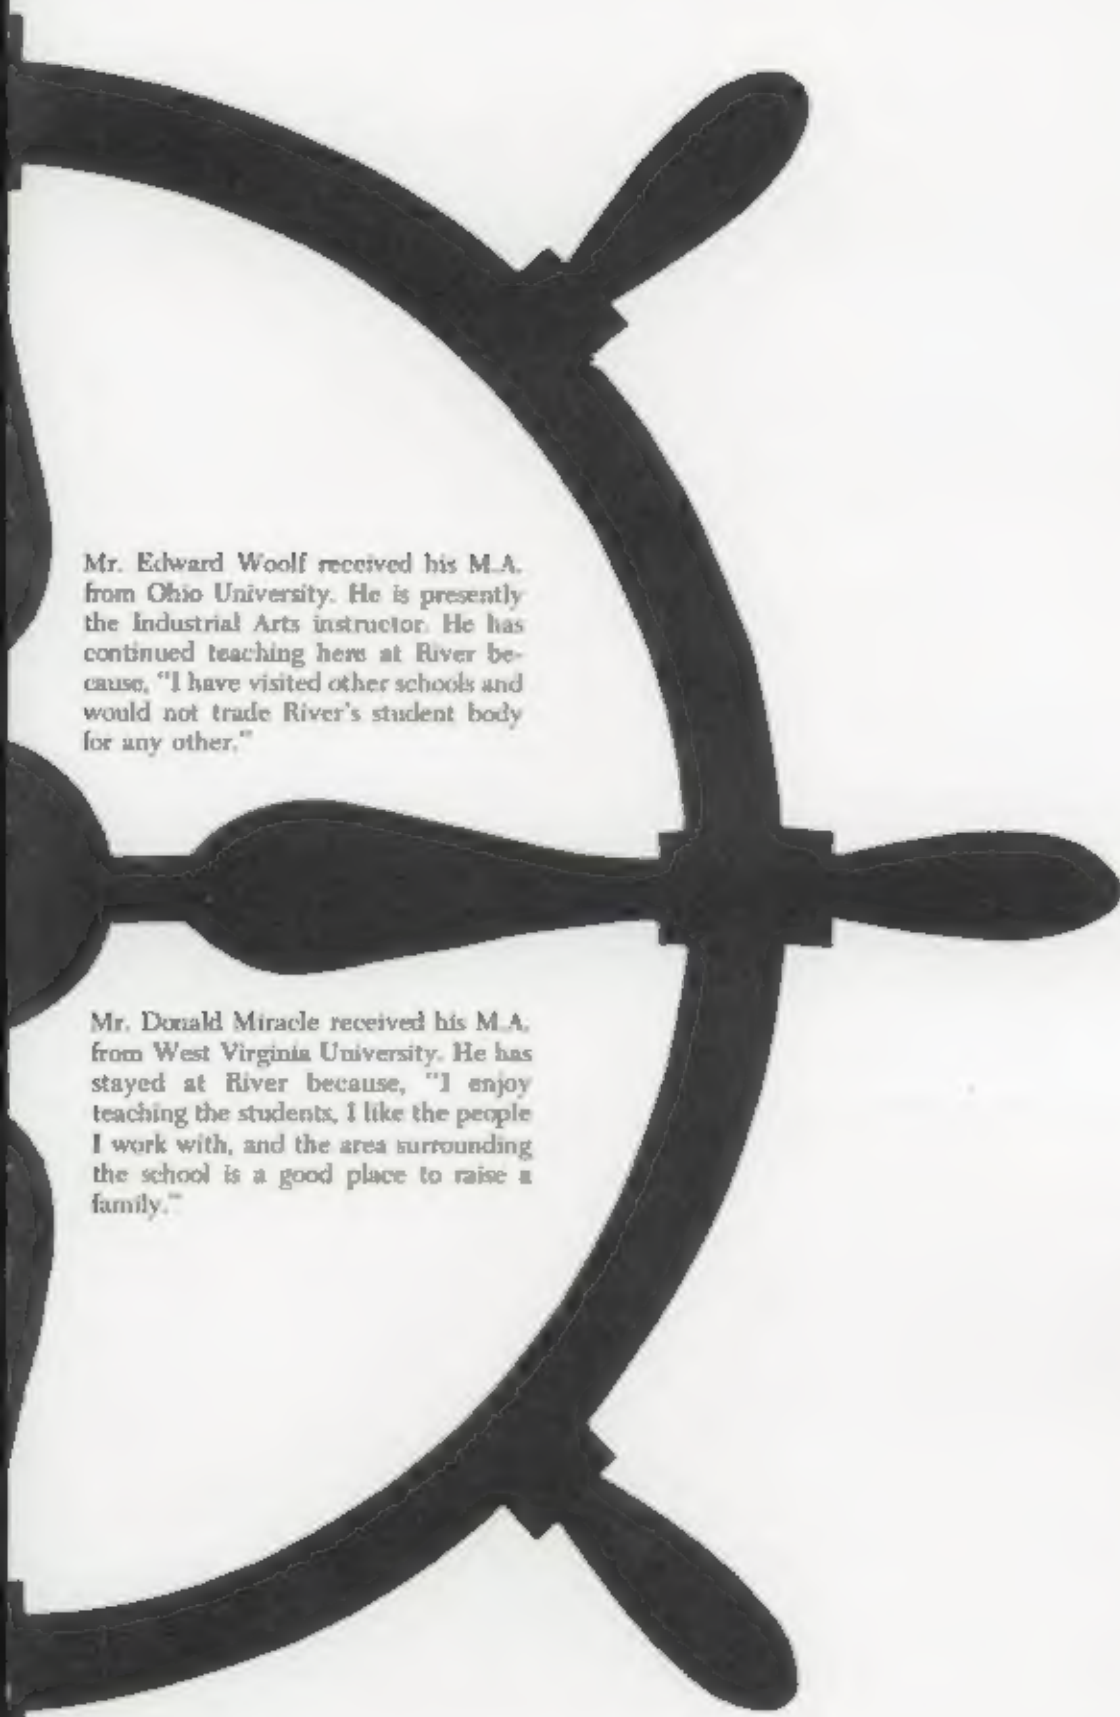

20 Y

Mr. Harry Mallett received his M.A. at Ohio University. He has continued his career at River because, "The people of this area are conservative, and I live in a friendly community."

Miss Elizabeth Forney received her M.A. at Columbia University. Her main field is Home Economics. She enjoys teaching at River because, "I like the people of the communities and enjoy the challenge of teaching."

OF S

YEARS

Mr. Edward Woolf received his M.A. from Ohio University. He is presently the Industrial Arts instructor. He has continued teaching here at River because, "I have visited other schools and would not trade River's student body for any other."

Mr. Donald Miracle received his M.A. from West Virginia University. He has stayed at River because, "I enjoy teaching the students, I like the people I work with, and the area surrounding the school is a good place to raise a family."

RVICE

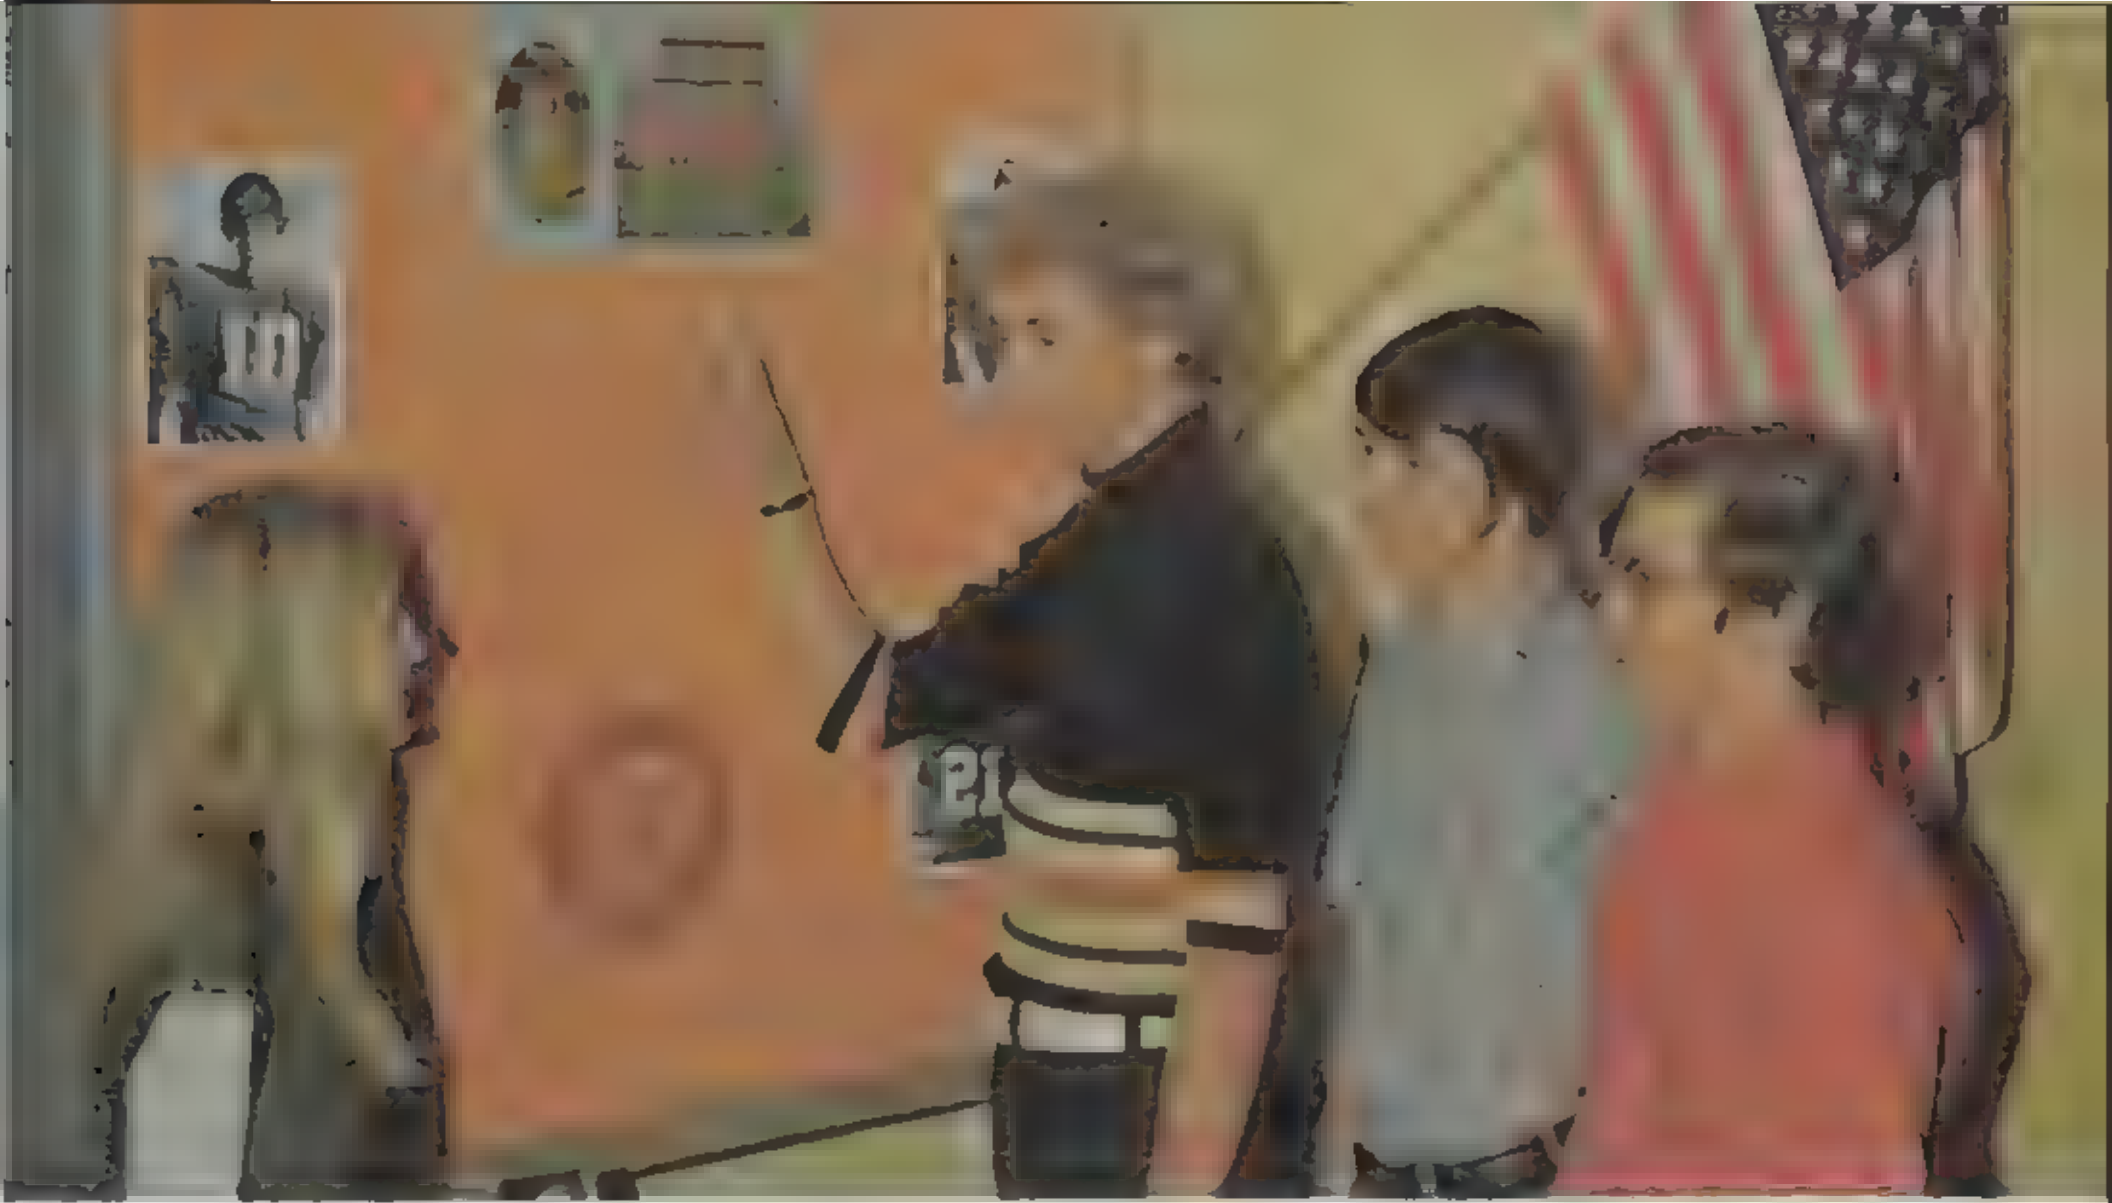

"The loyalty to River makes our student body outstanding and makes the teachers proud of our school. River has lost no time in developing a school spirit that has carried it through many adjustments. "We know it takes hard work, but there has been a lot of spirit that has helped us," exemplify some of the attitudes of these faculty members. We are proud of what they have done, and we wish them many more years at River High.
